

INVITATION

Belgisch Hypertensie Comité
Comité Belge de lutte contre l'Hypertension

Lecturer of the year

March 21st - 24th, 2022

Peter W. de Leeuw

Professor Emeritus of Medicine

*University of Maastricht (The Netherlands),
Hypertension and Nephrology*

Supported by

Peter W. de Leeuw

Professor Emeritus of Medicine

Peter Wilhelmus de Leeuw is Professor Emeritus of Medicine in Hypertension and Nephrology at Maastricht University (1991-2013). He received his degree of Ph. D. in Medicine in 1978 at the Erasmus University, Rotterdam.

He was a Research Fellow at the Harvard Medical School and Peter Bent Brigham Hospital, Boston, Mass, U.S.A, and member of several national and international scientific boards and committees including the Internal Medical Audit Committee, the Committee for Privacy Affairs, World Hypertension League (National Delegate) and the Working Group on Heart Failure of the European Society of Cardiology.

He is still involved in national and international projects such as The Medical History Foundation and the Working Group on Blood Pressure Monitoring of the European Society of Hypertension.

Prof. Dr. de Leeuw is member of the editorial board for Blood Pressure, Clínica e Investigación HTA, Fundamental and Clinical Pharmacology, American Journal of Cardiovascular Disease, Hypertension Research and Journal of Clinical Hypertension.

He participated in various international scientific trials among which EWPHE trial, PACK trial, Systeur trial, INSIGHT trial, SCOPE trial and OvA trial. He also contributed to the organisation of international scientific congresses and symposia.
